File No. San— 77 of 1929

General and Revenue Secretariat

Submitted as ordered by the Chief Secretary in the linked file San 49 of 30.

With a view to secure a better type of lymph for vaccination work the Director proposed in June 30 a set of revised draft rules, and the form for training of vaccinators. These rules were circulated for opinion among the Deputy Commissioners of Districts, Presidents District Boards and the Presidents Municipal councils of Bangalore, Mysore & K.G.F.

Replies have been received from all the officers referred to above except the Deputy Commissioner and the President District Board, Mysore Dt. of these the Deputy Commissioners of Tumkur & Kolar districts & the Presidents of the District Boards of Shimoga, Hassan Tumkur and Bangalore districts and the Municipal councils of Bangalore & Mysore cities have opined that the rules are suitable and may be adopted. The Sanitary Board Kolar have resolved that there is no need to frame any rules this year without expressing any opinion about the suitability or otherwise of the draft rules.

and the Presidents of the Municipal Councils of Kolar, Mulbagal Chintamani Robertsonpet & Tarikere Towns

The

(9

Serial No.

38) The remaining officers which generally appear that the draft rules are suitable have ~~offered~~ offered the following suggestions:—

~~(1) Local bodies should be~~

~~Provision of medical appointments of operation candidate after training does not directly come under the rules.~~

(1) Provision should be made for local bodies to make appointments of candidates not nominated by them but recommended by the Director of Health (Dy Com, Harda).

(2) A covenant of service should be obtained from the scholarship holders and if a candidate failed to enter service, the amount spent on his training should be repaid with an interest ~~of~~ @ 9%. But if he is not employed within 6 months after training, he should be free to seek appointment elsewhere, the amount being repaid without interest at the end of the year. (Dr Rangalore).

(3) If a period more than 6 months has elapsed between the training & employment, ~~a~~ such a man may be given a training for a week under the local Asst Surgeon before being posted for duty in the place to which he is appointed (Dy Com, Kolar).

(4)

(5) (3) Midwives may also be given training in vaccination (Dr St DD, Chitaldrug). Private candidates may be given training at

at their own cost and any private student not amenable to discipline may be easily dismissed (Dy com, Kolar).

(4) Tuition fee is high & may be reduced. (Dy com, Kolar and municipal Comrs, Chintamani)

(5) There can be no objection in granting special exemptions as they do not defeat the purpose of the rule, (Dy com. Kolar).

These suggestions may, if approved, be referred to the Director of Health (Mysore) for opinion.

(6) for orders.

18/1 WP 29/1/31

(1) Does not seem to come under the purview of the rules. Actual appointment is left to the discretion of the Board, so long as the Candidate is qualified.

(2) May be accepted.

(3) It would be a hardship to insist on the refund of the amount, if the local body fails to employ him 6 months after training.

(4) Does not seem to arise in connection with these rules.

(5) For consideration. The ~~present~~ midwives at present are, for the most part, reported to be illiterate & there does not seem to be any objection under the draft rules, 2 (b) if their cases are recommended to the

4-3-31

The points raised by the Presidents of the Local Bodies and Deputy Commissioners are: -

Deputy Commissioner, Kolar: -

(1) Candidate, with Hygiene as optional subject for Lower Secondary is likely to forget what he has learnt between the time of his passing the Lower Secondary and admission to the training.

(2) There are difficulties in forecasting possible vacancies. There should be no objection to have a surplus trained men, though no employment could be found for all. Where men have to be employed after 6 months of training they may be

further trained and tested for a week under the Local Medical Officer.

(3) Local Bodies may be given the option of grant of scholarships to students who give undertaking of service. Grant of scholarships involves considerable expenditure to Local Bodies.

(4) Private students may be admitted without restriction as to their number.

(5) Tuition fee of Rs. 10/- a month fixed for private students is too high and it should be reduced.

(6) Exemptions as provided in certain cases are not desirable.

The Kolar Gold Field Sanitary Board and some of the Presidents of Local Bodies have simply intimated that they do not propose to send any candidates for training with scholarships this year.

The Deputy Commissioner, Hassan, states that appointments of vaccinators may not be restricted to persons nominated by the Local Bodies, but the Local Bodies may appoint them on the recommendation of the Director of Health. The City Commissioner, Bangalore, states that if a candidate is sent for training with a scholarship, he should execute a covenant and should he fail to keep it, he should refund the amount with interest at 9 per cent in case he fails to enter service within 6 months but should the Local Body employ him within 6 months he should only pay back the money without interest.

Serial No.

I would not take these points seriatum, but would deal with them generally, as I believe such would meet all of them. There is general agreement that the rules as framed are acceptable.

The training is not intended to be a continuous course, similar to the High School course after Lower Secondary, nor is it a kind of a general education equipment. It is a specialised training for a special purpose. The training given is more in the interest of the State rather than of the individual trained. It is not contemplated to provide a general vocational training, to solve the problem of unemployment, nor is it the intention to keep a reserve of trained men for any remote contingency.

Minimum qualification of Lower Secondary with Hygiene, as optional, has been fixed, with a purpose. It is not expected that after passing the Lower Secondary, the candidate will remember for all time all the details of his knowledge of Hygiene but the few essentials which he will have stored in his memory may serve as an index of his capacity to imbibe instruction given in the course of his vaccination training. He will at least realise the importance of cleanliness.

There is a good deal of difference between the manual dexterity required in certain specialised technical work and general knowledge. As already observed above a candidate may not recollect all details in his general knowledge but he should know that he cannot omit a single detail in the vaccination technique. Any lapse would spell desaster.

the gap till trained men of their own become available. It is most unlikely that wholesale ~~destruction~~ casualties amongst vaccinators will occur. So far as my experience goes there has not been a ~~case~~ for more than a stray vacancy to be filled up ~~in~~ of this nature. In this connection I may bring to the notice of Government that there are already any number of vaccinators trained and without employment

Regarding the covenant to be executed by the vaccinators holding scholarships, I approve of the suggestion but this need not go into the rules. It is purely a local arrangement and the Local Bodies can fix any terms they like as long as they are reasonable and equitable. So far as the course of training in the Institute is concerned, the question of covenant does not arise at all. It will give training to all such as conform to the rules.

Certain Local Bodies have stated that they do not propose to send anybody for training this year with scholarships. This is quite outside the scope of the rules.

FROM

J. V. KARVE, Esq., M.B., ch.B., (Edin.), D.P.H., (LONDON),
Director of Health with the Government of
His Highness the Maharaja of Mysore,
Bangalore.

To

R.Ranga Rao Esq., B.A., B.L.,
General Secretary to the Government of
H.H. the Maharaja of Mysore, Bangalore.

SIR,

I have the honour to state that Government in their Order No. G. 27150-9/Sany. 22-19-13 dated the 9th June 1920, issued a set of rules to regulate the training and employment of Vaccinators Subsequent experience has shown that these rules are defective and do not meet modern requirements. I therefore propose to modify and revise them in a manner that will go to make the training of real value, secure better type of men and make the Local Bodies take a real responsibility in selecting and recommending candidates.

2 Enclosed are the proposed revised set of rules and the form of application and also a copy of the rules now in force.

3. From a perusal of these, it may be observed that the revised rules radically differ from the old ones. A few words in explanation are therefore called for and I submit them herewith.

4. No one who has not passed the Mysore English Lower Secondary Examination with Hygiene as his optional subject and does not know how to read and write Kannada is neither likely to be benefitted by the training given nor is likely to be of much use as vaccinator in the State. It is therefore considered essential that the English Lower Secondary Examination with Hygiene as optional subject and literacy in Kannada

18

qualification for admission to such training. But it is possible that amongst those already employed by the Local Bodies in their Public Health branch deserving men not possessing the qualification but otherwise qualified by previous experience, personality, &c., may be available. The Director of Health may examine each case on its individual merits and exempt such candidates from the operation of this rule.

5 As it is difficult to train people below or above certain ages it is considered desirable to have the age limit for at least those not already in service as between 20 and 25 years.

6 Inconvenience is felt in giving adequate practical training for all the candidates in Bangalore City alone. The candidates admitted should be prepared to undergo practical portion of the training at whatever place the Superintendent, Vaccine Institute may depute them for such purposes such as the Model Range, Bangalore, Rural Health Unit, Mandya, Bangalore and Mysore Cities and Kolar Gold Field area &c.,

7 Candidates that are certified trained should be employed within at least 6 months from the date of their qualification; otherwise the requisite manual dexterity for the work, which can be retained only by constant practice of Vaccination, is likely to be lost. Obviously trained candidates will have no opportunities of such practice unless they are employed as Vaccinators. Admission has therefore to be restricted only to such candidates ~~who~~ as have reasonable prospects of being employed within 6 months of their qualification.

Admission should also be restricted to such as have sound Physique and fair personality. The Physical fitness certificates they have to produce from ~~District~~ Medical Officers for employment as Vaccinators involving as it does frequent active out-door work, should be insisted on before admission to the training class.

As the employers of the vaccinators are the local bodies

19

Bodies, the actual nomination of the candidates conforming to the above requirements may be left to the Local Bodies concerned. Such nominations should reach the Director of Health on or before the 15th of the month preceding the session to enable satisfactory allocation of seats, nominations received after that date being considered only for the next session.

10 It will not be possible to train more than 10 candidates in a session conveniently, even if proposals as regards the practical training of candidates elsewhere than in Bangalore City be approved. Each district Board may nominate one for a session and two seats may be made available for Municipalities in the State by rotation.

It has been found Non-stipendiary students are indifferent, less amenable to discipline, and more difficult to be trained than the stipendiary. I have the honour to recommend therefore that the respective Local Bodies may be made to award a scholarship of Rs. 15/- per mensem for 3 months, to the candidates nominated by the Bodies besides actual expenses incurred in travelling not exceeding Rs. 15/- during the practical portion of their training to enable them to devote their undivided attention without the worry incidental to maintaining themselves otherwise. No fee need be levied for those nominated by the Local Bodies.

12 The Director of Health may at his discretion admit private students possessing the requisite general Educational qualifications as well as Physical fitness certificates, to make up the maximum 10 for each session in case the nominations of the Local Bodies for any sessions do not come up to the number. Such students will have to pay Rs. 30/- as tuition fees for the whole course including the examination. They must also be prepared to bear any travelling expenses incidental to practical portion of their training and to take up such course at whatever place the Superintendent, Vaccine Institute may depute them

10

them for the purpose. Fifty percent of the fees so collected may be credited to the Government and 50 per cent may be distributed by the Director of Health as teaching allowance to those actually engaged in the training of such candidates.

13 The sessions at present constituted do not allow any interval for conveniently examining the candidates of the previous session and for admitting candidates for the following session. One month is proposed to intervene between the sessions. The present 3 sessions in the year may be reconstituted as under : - February to April, June to May, October to December. Nominations for admission to the respective sessions from the local bodies should be received on or before 15th January. 15th May and 15th September respectively.

I request you therefore to be so good as to obtain Orders of Government approving and sanctioning of the proposed revised rules and application form.

While sanctioning, the Superintendent, Government Press may be instructed to print about 500 copies of the rules and the form and supply the same to my office for distribution amongst the Local Bodies. He may also be instructed to publish them in three issues of the Mysore Gazette as usual.

I have the honour tobe

Sir,

Your most obedient servant

Director of Health.

Govt. Order No. G. 27150-9—San. 22-19-13, dated 9th June 1920.

APPENDIX.

Rules to regulate the training and employment of Vaccinators: —

1. The class for the training of Vaccinators will be held in the Vaccine Institute at Bangalore.

2. The course of training will extend over a period of three months, instead of two as heretofore.

3. There will be three Sessions in a year for holding the class, the first from ~~1st July to 30th September~~, the second from ~~1st October to 31st December~~ and the third from ~~1st April to 30th~~ June.

4. Each Session will consist of students not exceeding ~~six~~ in number.

5. The examination will be held in the month immediately succeeding each session.

6. The ~~District Boards~~ will send the names of the candidates selected by them for training to the ~~Sanitary Commissioner~~ a fortnight before the opening of each Session. It is open to the District Boards to send at their discretion either men who are already entertained, in the service or private candidates and to award scholarships whenever they choose to do so.

General Department, Bangalore.

SIR,

TRAINING OF VACCINATORS - REVISED RULES - OPINION.

In reply to your letter No:G.10402-22 dated 22nd February 1930, I have the honor to state as follows:

(i) I presume that the resolution of the Municipal Councils in regard to the proposal to award the scholarships are wanted. I have sent copies of the rules to the Presidents of Municipal Councils in the District to place this subject before the March meeting and submit resolutions of the respective Councils. I shall submit them to Government on receipt.

(ii) As regards the rules themselves, I submit the following points for the consideration of the Government:-

(a) The Director proposes that candidates should have passed the English Mysore Lower Secondary Examination with Hygiene as optional subject, but that such candidates should be at least 20 years of age before admission to training. Normally a person should pass his Lower Secondary Examination in the 13th year. A backward student may be expected to pass the Examination at least by the 15th year. According to the proposal of the Director of Health, five years would elapse between the passing of the Examination and the beginning of the training. Five years is a sufficiently long period for candidates who gave up their studies at the Lower Secondary Examination and await scope for employment, to forget the Hygiene that they have --

studied and perhaps their other knowledge also. I would in this connection invite reference to the - para 7 of the Director's proposals in which he thinks that after six months the trained candidate is likely to loose the requisite manual dexterity if unemployed.

(b) Restriction of candidates to those to whom employment within 6 months is assured, is sure to lead to practical difficulty because it is very difficult to forecast the probable vacancies except in respect of retirement, beforehand. Vacancies do not occur merely on the ground of retirement. Death, Resignation, leave, promotion or creation of new or temporary posts on account of emergency are also causes which will lead to a demand for trained Vaccinators but which cannot be foreseen. Training being a desirable thing itself, I do not see why there should not be a surplus of trained persons even though they are unemployed. The object which the Director has in view can be easily secured by requiring that even trained candidates should work in the Local Hospital or Dispensary under the eye of the Doctor for a week after appointment, if the period that has elapsed between the date of the examination and the date of appointment is more than 6 months.

(c) To require every District Board or Municipality that they should send scholars beforehand giving them scholarships involves unavoidable additional expenditure on those bodies, besides involving administrative difficulties as observed above. It may be left optional to the Local Bodies to award scholarships to students who give convenant of services and undertake to await vacancies.

(d) I do not think that it is desirable to refuse admission to private students when they are forthcoming and are prepared to undergo training at their own cost. Admission of such students and their training will increase the supply of trained students without involving extra cost to Government or Local Bodies. If any particular student is

16

not diligent or is less amenable to discipline, the remedy lies in dismissing him from the class and not penalising the local body by making the grant of scholarship compulsory.

(e) The tution fee prescribed is too high, working out at - Rs.10/- a month. The fee may well be reduced to a sum equal to the actual cost of materials that a candidate is to be supplied with.

(f) In paragraph 4 of the letter and Rule 2 (c) of the draft rules, the Director has provided rooms for exemption. It is on such exemptions that every - scheme is foundered. Any qualifications that have been prescribed for admission may be made general and not capable of exemption. If this is insited - upon, there will at least be a guarantee that candidates who want to be eventually trained as Vaccinators but have to wait until they are of the prescribed age, will get themselves employed under a Local Body in some capacity and acquire offifial experience beforehand.

Ihave the honor to be,

Sir,

With reference to your letter No. G.D.0402-22/Sany. dated the 27th February 1930, forwarding for my opinion, a copy of the Draft Revised Rules for training of Vaccinators, I have the honor to state that the proposed revised rules are suitable and may be adopted.

I should suggest that the rules may be so framed as to allow the local Municipalities and District Boards to make the appointments of such Vaccinators as not have been nominated by them to be recommended by the Director of Health after training.

I have the honor to be,

S i r,

Your most obedient servant,

Deputy Commissioner,
Hassan District.

SIR,

With reference to your letter No. G. 10402-22/Sany. dated 27-2-30 calling for my opinion about the rules to regulate the training of vaccinators, I have the honour to state that the Rules are suitable and may be adopted.

At present the District Board is paying a scholarship of Rs 10/- a month for a candidate sent for training in Vaccination. In the Rules now framed a scholarship of Rs 15/- per mensem and a travelling allowance not exceeding Rs 15/- for each candidate is proposed. The local bodies who are responsible for the payment may also be consulted.

SIR,

Subject:— Rules regulating the training etc, of vaccinators.

With reference to your letter No.C.1-10402-22/Sany.dated 27th February 1930, forwarding rules re the above for my opinion, I have the honor to state that the rules appear to be suited and the District Boards, City and Town Municipalities capable of engaging a whole-time vaccinator may bear the charges which do not appear to be much.

But I suggest that there should be an agreement entered into by the candidate undertaking to serve the Municipality or Local Board for a period of three years or to pay back the sum spent on him with interest at 9%.

If the candidate be not employed within 6 months after passing the test, he may seek employment elsewhere and in which case he may be permitted to repay the amount in one year without interest.

in recommending suitable candidates

~~a real responsibility~~ the Director of Health has ~~accordingly~~ forwarded a revised set of draft rules for the approval of Government. The main features of these draft rules are the following:-

(1) Prescribing the qualification of the candidates,

(2) Selection of candidates by local bodies and the grant of scholarship to them,

(3) Employment of stipendiary candidates within 6 months after training,

(4) Provision for non stipendiary students.

2. The draft rules were referred to the Deputy Commissioners, the Presidents of District Boards, the City Municipal Councils of Bangalore and Mysore and the Sanitary Board, Kolar Gold Fields. All of them have furnished their opinions except the President, District Board, Mysore District. The majority of the officers are of opinion that the rules are generally suitable and may be adopted.

The draft rules forwarded by the Director are approved with slight modifications and appended to this order.

Govt do not consider

~~In regard to~~ the proposal of the Presiden District Board, Kolar, about the training of Vaidyas and Hakims in vaccination, ~~Government do not consider it possible.~~ is feasible

Form of application for admission to the Vaccination Training Class, Government Vaccine Institute Bangalore.

---

1. Name

2. Age

3. Nationality and Caste

4. Present occupation if any

5. Correct permanent Postal Address.

6. Highest Public examinations passed with dates.

7. Is (1) Exemption certificate from the Director of Health, if any furnished ?

   (2) Character certificates, if any furnished ?

8. Is physical fitness certificate furnished ?

9. Is he prepared to undergo field training at whatever place he is deputedto in the State.

10. Is a Local Body nominating the candidate; if so quote number and date of communication.

11. Does the Local Body assure of a reasonable prospect of the candidate being employed within six months of certification.

12. If a private candidate, has he reasonable prospect of securing employment as Vaccinator within 6 months of his certification.

13. Has he read the rules regulating admission of students for training class printed overleaf.

Signature of the candidate.

Rules regulating admission to the training class in the Government Vaccine Institute, Bangalore, for candidates qualifying themselves for Vaccinator's Appointment.

1. Sessions: - There will be three in the year viz., February to April, June to August, October to December, each extending over a period of three months.

Applications for admission to the respective sessions should reach the Superintendent, Vaccine Institute in the prescribed form on or before 15th January, 15th May, and 15th September respectively. The number of candidates that may be admitted to any session shall not ordinarily exceed ten.

2. Qualifications for admission: -

(a) No candidate will be admitted unless he has passed the English Lower Secondary Examination with Hygiene as optional subject and has good knowledge of Kannada, reading and writing.

(b) He should also be above twenty and below 25 years of age.

(c) The Director of Health may on the special recommendations of the Local Bodies exempt such persons as are already in service in the Public Health Branch of the respective Local Bodies or otherwise deemed fit by him, to receive such training.

(d) Recommendation for such exemption should reach the Director of Health on or before the 1st of the month preceding the session.

(e) Every candidate should furnish a certificate of Physical fitness from a duly qualified Medical Practitioner of and above the rank of Sub-Assistant Surgeon.

Nominations by Local Bodies: - Candidates should ordinarily be nominated by Local Body who will give an assurance that there is

a reasonable prospect of the nominee being employed as Vaccinator within 6 months from the date on which he is declared to be qualified for such employment.

(b) Each District Board may nominate only one candidate duly qualified according to the rules, the requisite certificates and Orders of Director of Health if any as per sub para under rule 2 (b) above being enclosed with the application form.

(c) Such nominations should reach the Superintendent, Vaccine Institute, on or before the 15th of the month preceding the commencement of the session, failing which they will be considered only for the subsequent session.

(d) Two seats in rotation will be reserved for the Municipalities of the State sending up nominations according to the rules.

4. Private Candidates: - Private candidates otherwise duly qualified as per rules may, however, be admitted at the discretion of the Director of Health, in case nominations by Local Bodies fall short of the maximum admissions for any session.

5. Fees: - The training will be free for those nominated by Local Bodies. Private students that may be admitted under rule 4 shall pay a fee of Rs. 50/- for the course.

6. Field Training: -

(i) Candidates should be prepared to undergo field training in any part of the State to which they may be deputed, by the Superintendent, Vaccine Institute, for the purpose.

(ii) The Local Body nominating a candidate will have to bear incidental charges such as actual travelling and maintenance expenses of the candidate &c.,

(iii) Private candidates will have to bear their own charges, tuition fee, being not inclusive of such.

7. Attendance: - Candidates under training should put an attendance of 90 per cent of the working days in the session,

to qualify themselves for admission to the examination to be held at the end of the course.

Minimum for Pass: - No candidate will be declared to have qualified himself for a certificate unless he obtains 50 per cent in the theoretical, and 80 per cent in the practical and viva voce portions of the Examination.

Government Order No. G. 27150-9/Sany. 22-19-1[illegible] dated the 9th June 1920 issuing rules for the training of candidates in vaccination.

2. Letter No. C. 304-16/V.S. 10-29-8 dated the 29th January 1930 from the Director of Health in Mysore forwarding a revised set of draft rules for the training and employment of Vaccinators.

3. Letters as noted in the margin from the Deputy Commissioners and Presidents of District Boards etc., furnishing their opinion on the draft rules referred to above.

4. Letter No. C.C. 263/30-31 dated the 13th December 1930 from the President, District Board, Kolar District, proposing that the Vaidyas and Hakims may also be given training in vaccination.

Order thereon No. G. 10116-37/Sany. ~~78-4~~ 78-29-18
Dated, Bangalore, 4th ~~March~~ April 1931.

The Director of Health brought to the notice of Government that the rules issued with Government Order dated the 9th June 1920 read above for regulating the training and employment of vaccinators were defective in certain respects and did not suit present requirements. With a view to ensure the selection of a better type of candidates for the training by the local bodies, the Director

Director of Health has forwarded a revised set of draft rules for the approval of Government.

2. The draft rules were referred to the Deputy Commissioners, the Presidents of District Boards, the City Municipal Councils of Bangalore and Mysore and the Sanitary Board, Kolar Gold Field. All of them have furnished their opinions except the President, District Board, Mysore District. The majority of the officers are of opinion that the rules are generally suitable and may be adopted.

3. The draft rules forwarded by the Director are approved with slight modifications and appended to this order.

4. The Superintendent, Government Printing, is requested to print and supply 500 copies of the rules and forms to the Director of Health.

By order of the Governor,

S. N. Madhavarao,
Chief Secretary to Government

P.H.

To

The Director of Health in Mysore,

The Deputy Commissioners of Districts,

The Presidents of District Boards
through the Deputy Commissioners of Districts,

The President, Sanitary Board, Kolar Gold Field,

The President, City Municipal Council, Mysore,

The Municipal Commissioner, Bangalore City,
through the President, City Municipal, Bangalore,

Rules regulating admission to the training class in the Government Vaccine Institute, Bangalore, for candidates qualifying themseves for Vaccinator's appointment.

———:0:———

1. Sessions - The period of training will be for three months and there will be three sessions in the year viz. February to April, June to August, October to December,

Applications for admission to the respective session should reach the Superintendent, Vaccine Institute, in the prescribed form on or before 15th January, 15th May and 15th September respectively. The number of candidates that may be admitted to any session shall not ordinarily exceed ten.

2. Qualifications for admission -

(a) No candidate will be admitted unless he has passed the English Lower Secondary Examination with Hygiene as optional subject and has good knowledge of Kannada, reading and writing.

(b) He shall also be above 20 and below 25 years of age.

The Director of Health may, however, exempt such persons as may be specially recommended by local bodies from the operation of the above rule.

Recommendation for such exemption should reach the Director of Health on or before the 1st of the month preceding the session.

(c) Every candidate shall furnish a certificate of physical fitness from a duly qualified Medical ~~Probationer~~ Practitioner of and above the rank of Sub Assistant Surgeon.

3. Nominations by local bodies (a) Candidates should ordinarly be nominated by the local bodies concerned with an assurance that there is a reasonable prospect of the nominees being employed as Vaccinators within six months from the date on which they are declared to have qualified for such employment.

(b) Each District Board should nominate only one candidate duly qualified according to the rules, the requisite certificate and orders of Director of Health if any, as per Rule 2 (b) above

(b) above being enclosed with the application form.

(c) Such nominations should reach the Superintendent, Vaccine Institute, on or before the 15th of the month preceding the commencement of the Session, failing which they will be considered only for the subsequent session.

(d) Two seats in rotation will be reserved for the Municipalities of the State sending up nominations according to the rules.

4. Private candidates - If the nominations by the local bodies fall short of the required number for any session, the Director of Health may at his discretion admit private candidates duly qualified under the rules to make up the difference.

5. Fees - No tuition fees will be levied from the candidates nominated by local bodies, who will bear all incidental charges connected with the maintenance and travelling expenses of their nominees. Private candidates admitted under rule 4 shall pay a tuition fee of Rs. 30/- for the course and bear all other incidental charges connected with their training.

6. Field training - (i) Candidates should be prepared to undergo field training in any part of the State to which they may be deputed, by the Superintendent, Vaccine Institute, for the purpose.

(ii) The local body nominating a candidate will have to bear incidental charges such as actual travelling expenses not exceeding Rs. 15/- and maintenance expenses of the candidate, viz. Rs. 15/- per mensem for 3 months.

(iii) They shall bear their own charges, tuition fee, being not inclusive of such.

7. Attendance - Candidates under training shall put an attendance of 90 per cent of the working days in the Session, to qualify themselves for admission to the Examination which will be held at the end of the c

course.

6. Minimum for pass - No candidate shall be declared to have qualified himself for a certificate unless he obtains 50 per cent in the theoretical and 80 per cent in the practical and viva voce portions of the Examination.

No. G. 10116-37 –Sany. 78-29-18, dated 4th April 1931.

RULES REGULATING ADMISSION TO THE TRAINING CLASS IN THE GOVERNMENT VACCINE INSTITUTE, BANGALORE, FOR CANDIDATES TO QUALIFY THEMSELVES FOR VACCINATOR'S APPOINTMENT.

1. *Sessions.*—The period of training will be for three months and there will be three sessions in the year, *viz.*, February to April, June to August, October to December.

Applications for admission to the respective sessions should reach the Superintendent, Vaccine Institute, in the prescribed form on or before 15th January, 15th May and 15th September, respectively. The number of candidates that may be admitted to any session shall not ordinarily exceed ten.

2. *Qualifications for Admission.*—(*a*) No candidate will be admitted [illegible] passed the English Lower Secondary Examination with Hygiene as optional subject and has good knowledge of Kannada, reading and writing.

(*b*) He shall also be above 20 and below 25 years of age.

The Director of Health may, however, exempt such persons as may be specially recommended by local bodies from the operation of the above rule.

Recommendation for such exemption should reach the Director of Health on or before the 1st of the month preceding the session.

(*c*) Every candidate shall furnish a certificate of Physical fitness from a duly qualified Medical Practitioner of and above the rank of Sub-Assistant Surgeon.

3. *Nominations by local bodies.*—(*a*) Candidates should ordinarily be nominated by the local bodies concerned with an assurance that there is a reasonable prospect of the nominees being employed as Vaccinators within six months from the date on which they are declared to have qualified for such employment.

(*b*) Each District Board should nominate only one candidate duly qualified according to the rules, the requisite certificates and orders of Director of Health, if any, as per sub-para under Rule 2 (*b*) above being enclosed with the application form.

(*c*) Such nominations should reach the Superintendent, Vaccine Institute, on or before the 15th of the month preceding the commencement of the Session, failing which they will be considered only for the subsequent session.

(*d*) Two seats in rotation will be reserved for the Municipalities of the State sending up nominations according to the rules.

4. *Private Candidates.*—If the nominations by the local bodies fall short of the required number for any session, the Director of Health may at his discretion admit private candidates duly qualified under the rules to make up the difference.

5. *Fees.*—No tuition fees will be levied from the candidates nominated by local bodies, who will bear all incidental charges connected with the maintenance and travelling expenses of their nominees. Private candidates admitted under rule 4 shall pay a tuition fee of Rs. 30 for the course and bear all other incidental charges connected with their training.

6. *Field Training.*—(i) Candidates should be prepared to undergo field training in any part of the State to which they may be deputed, by the Superintendent, Vaccine Institute, for the purpose.

(ii) The local body nominating a candidate will have to bear incidental charges such as actual travelling expenses not exceeding Rs. 15 and maintenance expenses of the candidate, *viz.*, Rs. 15 per mensem for three months.

(iii) They shall bear their own charges, tuition fee, being not inclusive of such.

7. *Attendance.*—Candidates under training shall put an attendance of 90 per cent of the working days in the Session, to qualify themselves for admission to the Examination which will be held at the end of the course.

8. *Minimum for Pass.*—No candidate shall be declared to have qualified himself for a certificate unless he obtains 50 per cent in the theoretical and 80 per cent in the practical and *viva voce* portions of the Examination.
